The annual day for the family association will be held on Sunday 27th April 2014.

One of the major problems using social media is lack of privacy.

Anything posted in such media is not only available to the public but also to the providers of the service.

Hope the year has started out well for all of you.

Remember our annual meeting is coming up soon.

Don't forget to mention our website to other family members.

Hope the new color scheme and design which is underway on our website is easy for you to see and use.

regards.

Thottungal.org wishes all its family members a very Happy New Year-2014!
